Life Is On™

Your home is more than four walls; it is a living, breathing space.
We create technology that brings your home to life. Life Is On.

Balances Beautifully with Your Home

The stylish, subtle design of Saturn Zen™ complements any modern or architectural interior, to create a beautiful balance throughout your home.

Pure Simplicity, Unique Features

With LED push-buttons, clean lines and finger-print resistant matte finishes, Saturn Zen embraces the beauty of simplicity.

And with unique optional features like pictogram button icons and a Smart Shelf for charging electronic devices, Saturn Zen is designed to make your life easier.

Your Complete Switch Solution

Whether you require wall switches, power outlets, data outlets, USB chargers, fan controllers, dimmers or cooker switches – Saturn Zen combines form, function and affordability to create a complete switch solution for your home.

C-Bus Saturn Zen Switches are also available for those interested in the convenience of lighting control and home automation, or want to update the switches on their existing C-Bus system.

SATURN ZEN

WALL SWITCHES

Saturn Zen Wall Switches create a stunning, contemporary style throughout your home and come standard with LED push-buttons, so you can easily find the wall switch in the dark or identify which switch is in operation. Whether you need to operate a single light or a group of lights, Saturn Zen gives you the option of one to six switches.

SATURN ZEN

LED SWITCHES & PICTOGRAM ICONS

Thanks to LED push-buttons, Saturn Zen makes it easy for you to know which switch is in operation or find a wall switch in the dark. And for even easier identification, optional pictogram icons clearly indicate individual switch operation. These unique Saturn Zen features are designed to simply make your life easier.

SATURN ZEN

USB CHARGER & SMART SHELF

Today's modern home is full of devices that require USB chargers, but all too often their bulky power packs take up far too much space. The USB Charger and Smart Shelf solves this problem and is a handy addition to any home.

SATURN ZEN

POWER OUTLETS

Plug in and power on with Saturn Zen Power Outlets. Available in options to accommodate one to four plugs, Saturn Zen Power Outlets are the perfect solution for all your electronic devices. And for greater convenience you can even have a Smart Shelf to charge your smartphones or tablets.

SATURN ZEN

A Picture Tells a Thousand Words

Forget trying to figure out which switch does what. You can choose from up to 50 optional pictogram icons, so you can easily recognise the right switch at a glance. They're interchangeable too, so if your requirements change, simply swap the pictogram icon for one that suits your needs.

A Smart Shelf for Smart Devices

Avoid clutter on your bench space and accessorise your switches with this handy Smart Shelf. Designed to hold two smartphones or one tablet, the Smart Shelf can be used with either two USBs or a twin power outlet, keeping your devices out of the way when charging.

SATURN ZEN

WALL SWITCHES

Saturn Zen Wall Switches are available with one to six push-buttons and they come standard with LED indicators, so you can easily find the wall switch in the dark or identify which switch is in operation.
